

Improved Gunner Protection Kit With Integrated Transparent Armor (I-GPK)

Improved Gunner Protection Kit With Integrated Transparent Armor (I-GPK)

The Improved Gunner Protection Kit with Integrated Transparent Armor (I-GPK) provides increased protection for near 360° visibility to the gunner. I-GPK is retrofittable on any M1114-style turret, and uses existing mounting locations in the standard GPK.

- Defeats armor-piercing ammunition and fragmentation threats
- Increases situational awareness for the gunner
- Designed using 3-D sight- and shot-line analyses
- Allows gunner to maintain protected gunner-ready position
- Retrofittable on any Up-Armored HMMWV (UAH) with turret
- Uses existing holes in the GPK for mounting
- Proven durability through shaker table testing
- Rock strike resistant transparent armor
- Maintains C-130 transportability

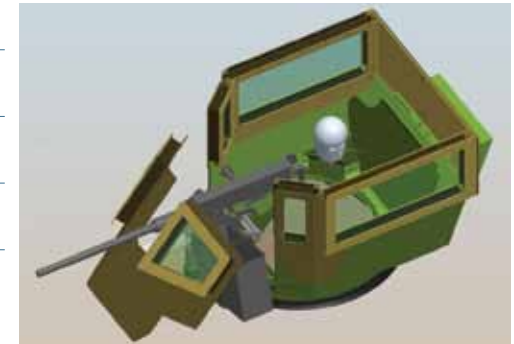

KEY FEATURES

Keeps gunner protected while in weapon engagement posture

Retrofits to Up-Armored HMMWV fleet with GPK

Functions with M-2, M-240, M-249, and MK-19 weapons

Night vision compatible
