

ECLIPSE® Performance Gear

Ballistic Helmets

LIGHTWEIGHT, HIGH-PERFORMANCE PROTECTION

BAE Systems' ballistic helmets are the next-generation in lightweight, high-performance protection. Designed for comfort, our helmets incorporate the latest technology in ballistic composite construction to provide maximum protection. BAE Systems offers a range of helmet options to suit your mission needs with varying weights and protection levels as well as ballistic and non-ballistic face shields.

FEATURES

- Two-component polyurethane paint allows decontamination after exposure to liquid chemical agents
- Comfort pad suspensions, available on all combat helmets, provide a stable, comfortable fit
- State-of-the-art ballistic composite construction
- Configurable to easily integrate with communications and Night Vision Goggle systems
- Made in the USA and 100% Berry Amendment compliant

Warrior II ACH (Advanced Combat Helmet) Standard, Mid- and High-Cut

The Warrior II ACH offers cutting-edge Mil-Spec ACH performance and design that provides increased situational awareness and excellent sighting ability without interfering with a body armor system. The Mid- and High-Cut helmets provide higher cut ear cups for integration with communications headsets at a lighter weight.

Standard Cut: Style 7500 Mid-Cut: Style 7501 High-Cut: Style 7502

Warrior II ACH IIIA

The Warrior II ACH IIIA offers the same Mil-Spec cut, suspension and retention as the Warrior II ACH with NIJ Level IIIA- equivalent ballistic protection.

Warrior II ACH IIIA: Style 7503

Combat Vehicle Crewman (CVC)

The Thin Shell Combat Vehicle Crewman (CVC) Helmet provides light weight, low-profile ballistic protection and is designed to integrate with the MK 1697/G communications headset. A Nomex inner liner with a slit pad set is included with both the Thin Shell and High Ballistic CVC helmets. Available in Camo Green only.

Thin Shell: Style 2380 High Ballistic: Style 2360

 ECLIPSE® Performance Gear
